

Bryn Mawr Veterinary Hospital, LLC.  
General Surgery and Dental Procedures

**Consent for General Anesthesia**

Date: \_\_\_\_\_

Owner's name \_\_\_\_\_

Pet name \_\_\_\_\_

Routine dentistry (includes thorough dental exam, cleaning with cavitron and polishing with dental care unit)

If we find additional dental problems, **we require your consent to proceed with treatment.** Please keep in mind that extra procedures on dentals (including X-Rays) can increase in price from \$25.00 to \$200.00 depending on the procedure.

\_\_\_\_\_ Proceed with doctor recommended procedure(s)

\_\_\_\_\_ Defer the procedure until we are able to discuss the findings. Before waking the patient, we will attempt to reach a responsible decision-making party through the emergency contact numbers below. If unable to contact the caretaker via phone, we will conclude the dental without further recommended procedures; **this would most likely mean a second anesthesia on another day with additional costs to complete the recommended procedures.**

Primary phone number \_\_\_\_\_ Secondary phone number \_\_\_\_\_

Current Medications \_\_\_\_\_  
\_\_\_\_\_

Other surgery or procedure \_\_\_\_\_  
\_\_\_\_\_

---
